

# Kidney & Bladder Support

Good Herbs Kidney and Bladder Support is made with pure, unaltered, chemical-free natural herbs that provide kidney and bladder health support. Healthy kidneys are essential for maintaining the right balance of water and numerous other substances in your body. Kidney and Bladder Support contains a proprietary herbal blend of organic or wild-crafted herbs that help support healthy kidney and bladder function and healthy urinary function.

## BENEFITS OF KIDNEY & BLADDER SUPPORT

Kidneys are critical to our health, largely responsible for eliminating waste water and certain waste products from the blood, and maintaining the proper concentration of minerals and fluid in the blood. Kidneys filter the entire volume of the blood approximately 60 times a day. They control blood volume and concentration, therefore they are the primary regulators of blood pressure. Kidneys are also responsible for maintaining the correct balance of electrolytes in the body, such as sodium, potassium, calcium and magnesium. Among other functions, electrolytes control the movement of water between body compartments, and help maintain pH balance. Potassium is the most important electrolyte within the cells and it is critical for proper muscle and nerve function.

### Applications:

- All urinary problems
- Bed-wetting
- Fluid retention
- Frequent urination due to loss of muscle tone
- Contains healthy minerals such as potassium, sodium, calcium and magnesium

**DANDELION ROOT** - organic sodium, It contains nutritive salts that builds and purifies the blood.

**HYDRANGEA** - dissolves crystals and stones, It is valued for neutralizing uric acid deposits caused by over acid conditions in the body, as it dissolves stones and crystals from the kidney, gallbladder.

**UVA URSI** - It strengthens and tones the urinary passages and beneficial for infections. It lowers excessive blood sugar.

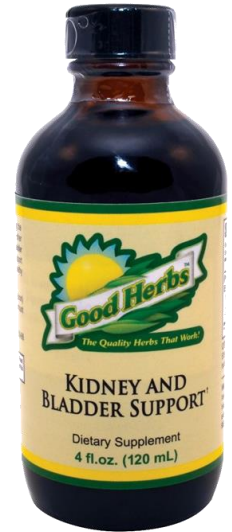

**CRANBERRY** - keeps bacteria in kidney and bladder down to a minimum

**BUCHU** - helps to remove excess fluid from body, Is effective in the elimination of excess uric acid and various solid wastes and acts as a tonic for the mucous membranes of the genito-urinary tract.,

**CHAMOMILE** - relaxes the nervous system and is high in vitamins and minerals, antiseptic (prevents decay or rotting in a body or other organic matter), anti-inflammatory

**JUNIPER BERRY** - It is high in natural insulin. It builds the immune system and is excellent for infections. It also has the ability to remove uric acid in the system.

**PARSLEY** - It increases resistance to infections with its high mineral content, especially potassium which controls fluid levels in the body.
